

# Bathurst Heritage Network

Bathurst's unique heritage is a key social, cultural and economic asset

## Self-Guided Museums Tour (recommended over several days)

How many museums in the Bathurst region? Twenty Two and counting.

From a Mini Cooper S, to a T Rex. From a Wiradjuri dendroglyph to a speedway dirt bike. From Turon River Technology to a village Down By The Old Mill Stream. From a nunnery to X-rays. From a Prime Ministers modest home to a Scottish Baronial Mansion. From the 1800's to the 2000's. And coming soon, the Australian Milling Museum.

Yes, it's a region of museums, of living history. Well, after all, it is Australia's oldest inland European settlement. Explore, delight, surprise ...

Take a self-drive tour and experience this fantastic range of museums when visiting the region. Bathurst Tours can provide personally tailored tours to cater for some or all of these museums if you don't feel like driving yourself.
